GracePoint

Our Jr. High Student Ministry

We exist for students to find their faith and belief in Jesus Christ. We do our best to make Jesus real for each individual, while encouraging commitment and growth in their faith.

Students will learn to love God while learning to understand His never-ending love for them. For it is His love that changes hearts, and lives forever!

Come out and meet our staff of amazing mostly college-aged students, many of whom attended GracePoint Church during their Junior and Senior High years.

You could make a friend for life!

“Let God change the way you think then you will know how to do everything that is good and pleasing to Him!”

—Romans 12:2

Group Meetings

All programs meet in the Loft (room 302), except as noted. Please see activity calendars online for more event schedules:
